

Square D Ornament

Designed by Julie A. Bolduc

I used a square "D" ring to make this ornament cause I have hundreds of these rings and thought it would be fun to have an ornament made with one. You could use a bone ring which is $\frac{3}{4}$ " in diameter instead if you cannot find one of the Square D's in your local fabric store. You can order some square D's from me also. I have hundreds of them. Go to the web site and look in the supply store.
