## How to read pattern:

Each solid square is equal to 4 double crochets.

Each open square is equal to 1 double crochet,

followed by 2 chains, followed by 1 double crochet. The double crochet at the end of each square also counts as the first double crochet of the next square. For example, a solid square followed by an open square is 4 double crochets, 2 chains, 1 double crochet. See diagram below.

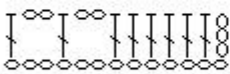

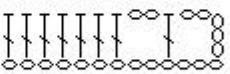

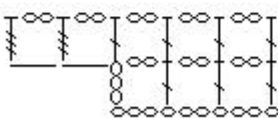

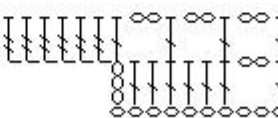

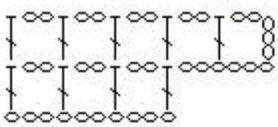

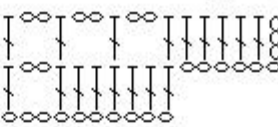

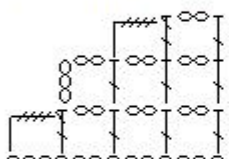

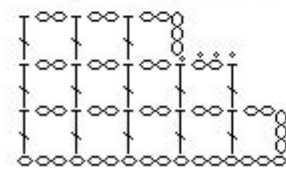

Where "⌋" is the symbol for one double crochet, "○" is the symbol for one chain, and "x" is the symbol for one single crochet.
