Fasten off leaving one white end about 12" long for stitching ears to top of head. Weave the other 3 ends into back of work.

## Assembly:

**Step 1:** Stuff head with up to 3 cotton balls so the head is firm.

**Step 2:** Slip egg into bottom of work small end first. This will make it easier to finish the bunny.

**Step 3:** Stitch ears to top of head.

**Step 4:** Embroider nose and mouth onto front of face.

**Step 5:** Glue wiggle eyes in place with either a gel type of Super Glue or E6000. I used Loctite Super Glue.

**Step 6:** Now take egg back out of body, fill with goodies and put back into body.

**Step 7:** Glue pompom to back for tail

**Step 8:** Tie ribbon around neck and tie into a bow. Trim ends of ribbon if needed.

## SAFETY NOTE:

**This is not a toy! This is for decorative purposes only. The wiggle eyes can come off and pose a choking hazard. If making this for a small child age 3 and under, please embroider all of the facial features on and do not use the wiggle eyes.**
